

committed to a better drinking culture

YOU’VE CHANGED THE WAY YOU DRINK, SO WE’VE CHANGED THE APPROACH TO OUR KOKTAIL LIST

Alcohol. It’s something many of us love, despite the occasional (or not so occasional) hangover. It’s a means of escape and a platform through which people connect and bond. However, more and more people are choosing to live with lower alcohol intake, or even an entirely alcohol-free lifestyle. With this new focus, we’ve rethought our entire approach to koktails.

Our cocktail list is about equal rights for all; equal for drinks with full alcohol, lower alcohol and zero alcohol. We’re here to bring people together over food and drink so they can write the next chapters in their stories. No one should ever be excluded from that.

Check out the icons below. Full Proof means it’s a traditional style cocktail with all the booze you’d expect. Half Proof means the drink has about half as much booze as a typical cocktail. No Proof means that the drink is one hundred percent alcohol free. Any questions, just ask our team. We’re here to help you on your journey.
